# CITY OF TORRANCE

CALIFORNIA  
OFFICE OF THE MAYOR

Dear Friends and Neighbors:

During the past few years great changes have taken place in our city, and the name of Torrance has become known all over the United States. Not only as an industrial center, but also as a good place to live and work.

We have become a city of homes, churches, schools and beautiful residential areas. Our new civic center and swimming pool are dreams come true. Garden clubs, art, drama and music groups have added to the community's cultural life.

The years to come hold even greater promise. Our low tax rate will continue to attract new and diversified industry, providing jobs for an ever growing population. And the substantial sales tax revenue derived from the huge shopping centers now under construction should make our tax outlook even more favorable.

In serving the City of Torrance for the past four years, it has been my constant objective to maintain and improve our efficient city services while holding the line on taxes, and to give the needs and requirements of all groups and sections equal consideration. As far as I am concerned, there is only one campaign issue — good city government.

I hope I have merited your continued confidence.

Sincerely yours,

*Albert Isen*
